Treat yourself to a **break** in the Pyrénées-Atlantiques

This south-facing, family-friendly resort, nestled at 1,350 m above sea level, at the foot of the slopes, is suitable for all levels of skiing and offers a range of outdoor activities. The Cirque de Gourette is a designated protected area because of its outstanding natural beauty. Dominated by the silhouette of the Pic de Ger (2,613 m) and the contrasting Aubisque, it is one of the most spectacular panoramas in the Pyrenees.

Gourette is an important winter sports resort and was the first downhill skiing destination in the Pyrenees, dating back to 1903.

The resort only came into being in 1930 with the construction of the 1st hotel. But it wasn't until the late 1960s that urban-style building construction really took off.

In the summer, Gourette's mountain pastures were once home to the famous whistling shepherds of Aas. This tradition, which was unique in Europe at the time, originated in the Cirque de Gourette where the shepherds used this usual method to communicate amongst themselves!

Enjoy your stay in Gourette!

LAND OF SKIING

**Enjoy the snow
as you wish!**

Gourette, a family resort with a village feel, is located at the foot of the slopes, in a natural listed site and unforgettable setting, facing the iconic Col d'Aubisque mountain pass.

BÉZOU: BEGINNER'S AREA

Begin in confidence. A unique, fully secured area, designed specifically for beginners, in the Pyrenees where you can enjoy a hassle-free introduction to skiing with fun courses and modules. To reach the resort, you just have to slide down the La Balade green run through the Bois Noir forest.

COTCH: IMPROVER'S AREA

A blue mountain. Cotch slope, an area of intermediate difficulty, is criss-crossed by blue slopes where you can enjoy skiing at your own pace. It's a popular site for skiers looking to catch some early morning sun. The bleu de Cotch and la Forêt blue runs are an absolute must!

PÈNE BLANQUE: SKIING ON A GRAND SCALE

VALLÉE D'OSSAU MOUNTAIN OFFICE

Snowshoe excursions in the countryside for small groups and families, suitable for athletic or more contemplative types, led by mountain professionals.

Our team of mountain guides has organized a programme of snowshoe excursions in Gourette, around the Col d'Aubisque, and near Artouste in the National Park. Activities include introductory sessions (for age 6 and above), day trips to the «land of the Pyrenean Chamois,» discovery afternoons with cooperative igloo building (for over 8's), sunset excursions and starlit evenings.

We run excursions everyday so you can enjoy the winter countryside in complete safety: making tracks in the pristine snow, observing wildlife from a distance without disturbing them, exploring forests, rolling hills or easily accessible ridges, opening onto magnificent landscapes.

And if you have a specific plan, or if you want to set off alone, with a partner, family, friends or colleagues ...we can arrange for you to have your own personal guide.

We provide snowshoes and poles so come ready with your explorer's hat on!

PARKING IN GOURETTE

I'M VISITING FOR THE DAY

Please park in the **P1 car park** (bottom of Ley gondola lift) then take the free gondola to reach the resort. Parking spaces are available in the resort (green areas on map). The **P3 Face Nord** car park is for daily parking (please note: this car park must be empty between 2 and 8am for snow clearing.)

RESERVED PARKING AREAS

There are 2 **disabled** parking spaces in front of Maison de Gourette. Two zones are reserved for temporary parking with blue disks available to buy from Maison de Gourette for €3 (blue zones on the map - 1 hr maximum). The **Anglas P4** car park is reserved for traders.

I'M COMING TO STAY

If you're on holiday in Gourette, you will already have parking space reserved for you in the P1 Car Park (bottom of Ley gondola lift). Once you've left your luggage in the resort, please park your vehicle in the P1 car park. It's a bright, well-secured facility with video surveillance and a night security guard. This means you can enjoy your holiday without worrying about

your vehicle. In addition to the Ley gondola lift (8am to 7.30pm), a free 24/7 shuttle service operates between the resort and the car park. Between 7.30pm and 8am: **contact +33 (0)6 03 99 73 67**.

In addition, there are a limited number of parking spaces available in the resort (green areas on map). Please ensure you do not park your vehicle in front of the fire hydrants, waste disposal and recycling containers, on pedestrian crossings or in any other area which may cause obstruction and contravene the Highway Code.

 Please ensure you remove your vehicle from the P3 Face Nord car park at the end of the day. Technical services need to be able to access the car park between 2 and 8am for snow clearing.

There are areas specifically reserved for **drop-offs** (orange zone on map) so you can drop your luggage in the resort before leaving your vehicle in the P1 Car Park for the duration of your stay.

 The red zones on the map show areas in which parking is prohibited or reserved for specific users.
